

BIOMETHANE WORKSHOP ON TRANS-EUROPEAN BIOMETHANE MARKET

26 April 2016

GIE offices, Avenue de Cortenbergh 100, 1000 Brussels

| | | |
|-------|---|---|
| 10:00 | Registration and Coffee | |
| 10:30 | Welcome and intro of the invited speakers: role of GIE and cooperation with EBA and other organisations – working on finding solutions that can enable more biomethane in the gas grids and trade of biomethane across the EU | Jan Štambaský , President, European Biogas Association |
| 10:40 | Overview on the current biomethane situation in Europe and elsewhere | Dr. Arthur Wellinger , Senior Advisor, European Biogas Association |
| 11:00 | The long term role for renewable gasses | Tim Cayford , Policy Adviser, Eurogas |
| 11:20 | Coffee break | |
| 11:40 | Biomethane potential in Europe: what market should we design solutions for (DENA map) | Mathias Edel , Project Director, Renewable Energy and Energy Efficient Mobility (German Energy Agency) |
| 12:00 | Example – “Greening the grid”: The view of a major national gas company – National market design | (tbd) , Gasunie |
| 12:20 | Questions & Answers | |
| 12:40 | Lunch | |
| 13:30 | Country perspective Sweden: Achievements and challenges | Anders Mathiasson , Senior Advisor, Swedish Gas Association |
| 13:45 | EBA’s concept for administration of cross-border biomethane trade through the European natural gas network | Dr. Attila Kovacs , Executive Board Member, European Biogas Association |
| 14:00 | The legal aspects of EBA’s cross-border biomethane trade administration concept | Dr. Dörte Fouquet , Partner, BBH Legal services |
| 14:20 | Coffee break | |
| 14:40 | The prospects of alternative methane / hydrogen sources (biomethane, Power-to-Gas, biomass gasification) in gas supplies for Europe | Ruta Baltause , Policy Officer, DG ENER, European Commission |
| 15:00 | Questions & Answers | |
| 15:20 | Conclusions | Thierry Deschuyteneer , Executive Secretary, GIE |
| 15:30 | End of the Workshop | |
