

EUROPEAN BIOGAS CONFERENCE 2020

2 to 3 September, Brussels
The EGG Conference Centre

EBA Awards 2020 Application open!

Applications are now open for the EBA Awards 2020. The winners will be announced during the gala dinner of the European Biogas Conference that will be held on 2nd September at the EGG Conference Center in Brussels.

The deadline for applications to the awards is Tuesday 30th June. They include three categories (detailed description in the next page):

- **Best biogas success story 2020**
- **Biogas circularity**
- **Key biogas promoter 2020**

The applications will be evaluated by an evaluation panel. The panel will be composed by experts from different EU countries with active commitment and relevant expertise on the development of the biogas sector across Europe.

Conditions to apply

- Be a member of the EBA.
- Fulfil the application form specifying the topic (one application per topic).
- Attach relevant documents to support the application (no marketing materials).
- Applications from Members of the EBA Board or the EBA Secretariat will not be considered.
- **Deadline for applications: Tuesday 30th June**

Award categories

Best renewable gas success story 2020

This award recognises the effort of an organisation in developing the renewable gas sector. The sector has a significant potential that needs to be untapped. The 'Best biogas success story 2020' will highlight initiatives from EBA members that have significantly contributed to untap the potential of renewable gas and scale-up renewable gas production.

Who can be nominated?

- Researchers
- Consultants
- Suppliers and operators of biogas technologies
- Energy producers and distributors
- Farmer organisations

Biogas circularity

This award recognises the role that biogas can play in the circular economy. The production of biogas and the by-products obtained from this process are an excellent example of recycling, recovery and re-use of resources. The 'Biogas circularity' award will highlight best practices from EBA members in demonstrating the greatest level of innovation to closing loops.

Who can be nominated?

- Projects which proof advanced integration of biogas in the circular economy
- Companies providing options for the treatment of waste streams as biogas feedstocks and the production of biogas by-products.

Key biogas promoter 2020

This award recognises the efforts made by an individual or organisation in showcasing the positive social and environmental effects of biogas production and its multiple applications. The 'Key biogas promoter 2020' award will acknowledge the individual work in highlighting the positive contribution of biogas in our society.

Who can be nominated?

Any individual making an outstanding contribution for the promotion of renewable gas.

How to submit your application?

All applications will have to be submitted by email following the steps below. Incomplete applications will not be considered.

1. Specify the award category chosen for your application:

- Best renewable gas success story 2020
- Biogas circularity
- Key biogas promoter 2020

2. Include the following applicant details:

- First name and name
- Position within the organisation
- Organisation
- Contact email
- Phone number

3. Include the following candidate details:

- Name of candidate/organisation
- Describe why your candidate should receive the EBA award for the category you have specified. (max. 500 words).

4. Support your explanation with relevant data (attachments in PDF format).

5. Send your application by 30 June 2020 24.00 CET to Angela Sainz Arnau, EBA Communications Manager: sainz@europeanbiogas.eu. Please include the following subject in your email: EBA awards 2020 AWARD CATEGORY - CANDIDATE NAME

6. Any questions? Please contact us on the following number: +32 24 00 10 89
