Calling AD plant managers

Interreg 
North-West Europe
ALG-AD
European Regional Development Fund

- Are you wondering how to deal with excess digestate?
- Would you like access to a potential solution?
- Are you interested in developing a circular economy?
- Would you like to develop a new revenue stream for your business?

If you answered yes to any of the above this could be the event for you.

Our workshop will give you insight and early access to our pioneering technology.

ALG-AD is developing an innovative circular economy solution to grow algae using food and farm waste.

Sign up today for a place at our information workshop – rsvp to c.r.jones@Swansea.ac.uk and be a part of the circular economy!
