

CONFERENCE SAFETY MEASURES

In order to ensure a successful 2020 edition of the European Biogas Conference, the EBA Secretariat is closely following up on the COVID19 situation and is working to guarantee social distancing, careful crowd control and other hygiene measures.

The following preventive measures will be put in place to ensure health safety for all the conference participants:

-  Access control at the entry of the conference centre;
-  Disinfection with hand sanitizer placed in all the rooms of the conference center;
-  Temperature check at the entry;
-  Mandatory wearing of masks;
-  Welcome desk with Plexiglass and security control of registration procedures;
-  Regular disinfection of door handles and general space.

Please note that the list above is not exhaustive and can change according to the development of the situation. We invite you to contact us at info@europeanbiogas.eu in case you need further information.
