

Speeding-up climate-neutrality
with renewable gas

BECOME A MEDIA PARTNER!

**Support a landmark renewable gas event in
Brussels and enhance your visibility
at European level**

About the conference

This European Biogas Conference is the annual landmark event organized by the European Biogas Association (EBA). It provides a platform for discussion to speed-up the deployment of biogas and biomethane in Europe.

The 2021 edition will showcase the latest updates from the biogas and biomethane industries and provide a space for discussion and knowledge-sharing with relevant industry experts, academia and policymakers involved in the sector. The event will be held in online format if a physical event is not possible due to COVID-19 restrictions.

We would be happy to establish a cooperation with you as media partner to support the promotion of this annual event. If you are interested in this proposal to help us spread the word about the European Biogas Conference 2021, let us know! We will share with you the opportunities that this cooperation can also bring to your organization.

Looking forward to hearing from you soon!

Your benefits

- **Complimentary registration:** As media partner, you will receive one press pass for full conference attendance, excluding the gala dinner (which is optional for all participants and entails additional conference fees).
- **Logo on conference programme and other printed materials:** As a media partner you will have your company logo displayed in all printed materials. Please submit your company logo in high resolution format following confirmation of this partnership agreement.
- **Web page listing:** As a media partner you may have your company logo and link to your company site posted on the conference page. Please provide your logo and a website link that we can add there.
- **Media desk:** As a media partner you are entitled to present your magazine/publication at the space allocated for that purpose at the conference venue. Please present the EBA Secretariat of any materials to be displayed that day to receive the relevant shipping instructions.

Your support

- **Conference logo** displayed on your website
- **Media coverage** via your communication channels before and after the conference
