

Speeding-up climate-neutrality with renewable gas

26 October : Scaling-up renewable gas by 2030

09 :30 -10 :00

Getting ready coffee

10 :00 -10 :30

Opening:

- Opening speeches:
 - Harm Grobrügge, EBA President
 - Harmen Dekker, EBA Director
- Keynote speech (Representative EU institutions)

10 :30 -12 :30

Session 1: *Biomethane available, scalable and sustainable*

Moderated by Sasha Twining

- 'Biogas industry 2030'
- 'Biogas & biomethane: Fit for 55' (Representative DG Energy)
- 'Gas infrastructure: Fit for 55'

- 'Doing the math of biomethane production'
- 'Exploring the synergies of renewable gases'
- Success stories from the biogas sector
- Panel discussion

12 :30 -13 :30

Eat and meet (networking lunch)

13 :30 -15 :00

**Breakout sessions 1: Moderated by
Sasha Twining and Harmen Dekker**

- *Shaping the EU biomethane market:*
 - 'The markets to be for biomethane deployment'
 - 'Checklist for biomethane injection into the grid'
 - 'Tracing green gas flows'
 - 'A renewable consumption that leaves no one behind'
 - Panel discussion
- *Fueling the EU industry with biogas:*
 - 'Efficient power & heat production from biogas'
 - 'Showcasing circular industrial processes 1'
 - 'Showcasing circular industrial processes 2'
 - 'Showcasing circular industrial processes 3'
 - Panel discussion

15 :00-15 :30

See you later coffee

18 :00 - 21 :00

Gala dinner and Awards Ceremony

27 October : circular solutions and innovations

09 :30 -10 :00

Get some energy coffee

10 :00 -10 :30

Opening

- Permanent Representation representative
- Representative DG AGRI

10 :30 -12 :30

Session 2: *Biogas circularity*

Moderated by Sasha Twining

- 'Farming for future'
- 'Supporting Europe's next generation of farmers'
- 'Building circular cities'
- 'Towards a circular economy in a post-covid world'
- Success story on biogas circularity
- 'Use of digestate as biofertiliser'
- Panel discussion

12 :30 -13 :30

Eat and meet (networking lunch)

13 :30 -15 :00

Break-out sessions 2 Moderated by *Sasha Twining and Harmen Dekker*

- *An integrated approach towards methane emissions reductions*
 - 'Offsetting methane emissions from agriculture'
 - 'Methane emissions from organic waste: turning a challenge into an opportunity'
 - 'Giving water its value in the circular economy'

- 'Performance of biogas plants in monitoring methane emissions'
- Case study from the biogas sector
- *Future of biogas*
 - 'CO₂ valorisation in biomethane production'
 - 'Looking into the market readiness of gasification technologies'
 - 'The future of syngas'
 - 'Showcasing cutting-edge renewable gas technologies'

15 :00 -15 :30
15 :30 - 17 :00

Chill coffee break

Closing session: Driving innovation

Moderated by Sasha Twining

- Systemic
- ALG AD
- Nutri2Cycle
- DiBiCoo
- Q&A

28 October 2021 : below zero emissions in transport

09 :30 -10 :00
10 :00 -12 :00

Good mood coffee

Session 3: Towards negative emissions mobility

Moderated by Sasha Twining

- Keynote speech (representative EU institutions)
- 'A lifecycle approach to measure transport emissions'

- 'Climate performant cars running on BioCNG'
- 'Defossilising the shipping industry'
- 'Fueling heavy-road mobility'
- 'Synergies with other renewable alternatives'
- Panel discussion

12 :00-12 :30

Closing and wrap-up

- Susanna Pflüger, EBA Secretary General
- Philipp Lucas, EBA Board Member

12 :30 -13 :30

See you soon lunch!
