

## Visit to a eco-responsible brewery: CoHop Brussels Cooperative

25 October 2023

### Visit Programme

**17:30** – Departure on a **Biomethane bus** from the conference venue The Egg to the CoHop Brewery.

**18:30** – Arrival to the brewery and welcome.

**18:45** – Brewery visit group 1 and beer tasting group 2 (30')

**19:30** – Brewery visit group 2 and beer tasting group 1 (30')

**20:00** – Gathering at the bar\*

**20:30** – End of the activity and bus departure to The Egg.

**21:00** – Arrival to The Egg.

*\*During the visit, only snacks will be served, no dinner.*

### Important notice

This activity is for a limited group of participants only. The selected participants have received a confirmation message.

The bus that will bring the participants to the brewery will be parked in the conference venue. Participants will get on the bus directly from the plenary room.

The closing session ends at 17.15 and the bus will leave at 17.30 sharp. Participants are therefore requested to take their belongings from the cloakroom during the coffee break between 15.00 and 15.30, to be ready to leave after the closing session directly from the plenary room.

## About CoHop

CoHop is a shared and eco-responsible brewery and the first cooperative of microbreweries in Brussels. CoHop recovers spent beer grains and uses them as feedstock to produce biogas.

Venue: Chaussée de Wavre 950, 1040 Brussels
